HEART & LIFE

Every homeowner's heart and life is unique. That's why our Composition line offers a wide range of cabinet styles and finishes. Whether your lifestyle demands two XL pantry cabinets with pull-out shelves to hide the kids' snacks, or a sleek wall of floating shelves to elegantly display imported teas, Composition delivers. If your heart speaks bright white oak with industrial gray, then let it be so. The Composition cabinet line was designed for the diversity of expression in life and art.

FRAMELESS POWER

Unlike traditional face-framed cabinets, our frameless construction delivers a sleek and sophisticated design. Every box is built with $\frac{3}{4}$ " material providing superior strength over its $\frac{5}{8}$ " counterparts. Cabinet doors are full overlay and once adjusted approximate a tight $\frac{1}{8}$ " reveal. Lastly, Composition's frameless construction offers you greater cubic storage and range of access in any space, making it not only elegant but smart.

RAVENNA

PAINTED CABINET DOORS

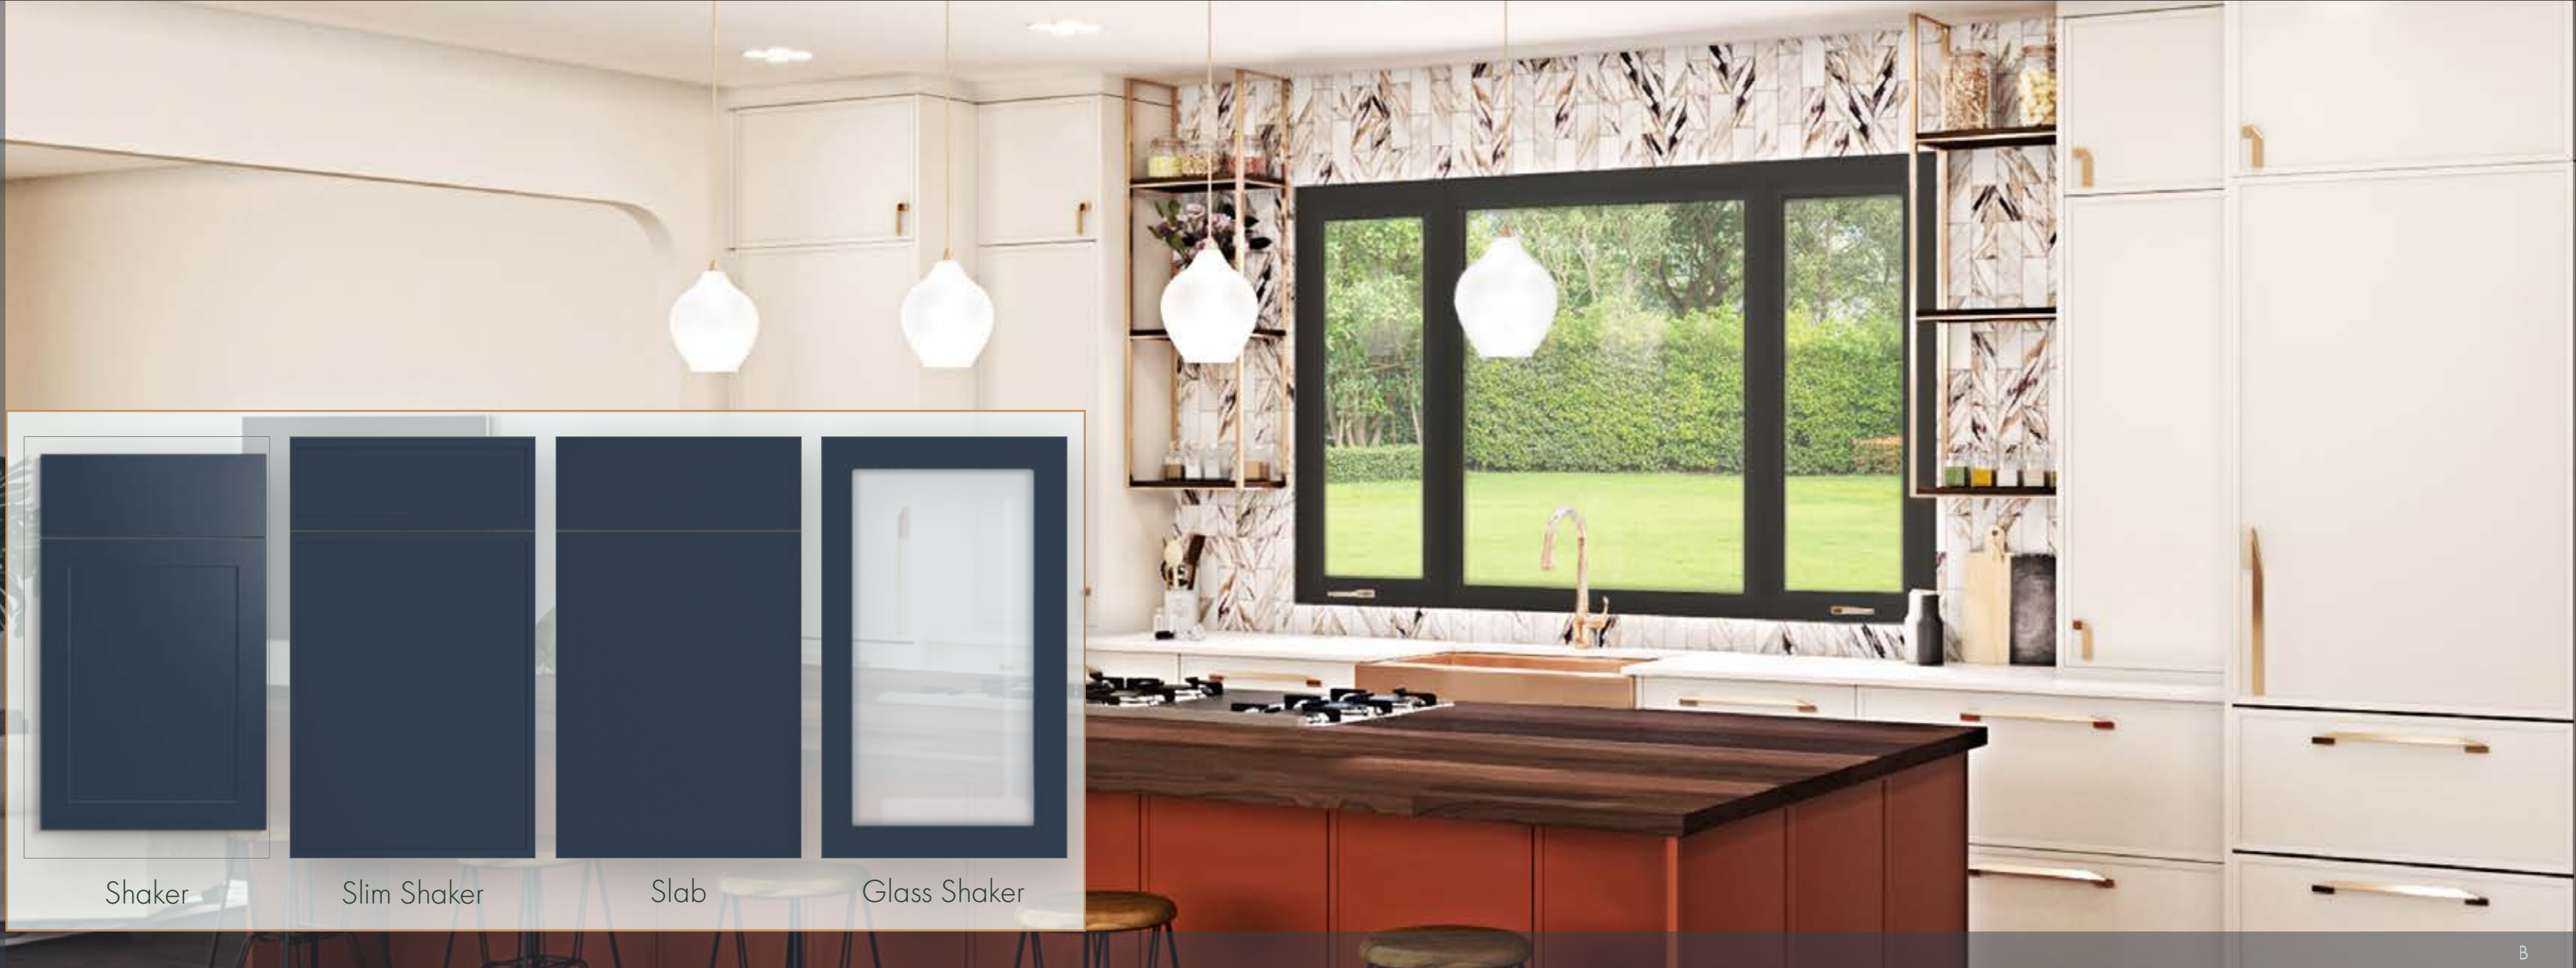

The Ravenna collection offers a warm and traditional style. Its shaker doors are available in both 2-1/4" and the more progressive 3/4" rails and stiles. Their sustainable high density fiber-board cores provide an exceptional canvas for paint and help prevent door warping commonly seen in the PNW. They're a perfect compliment to the Bainbridge collection.

BAINBRIDGE

SOLID WOOD AND VENEER CABINET DOORS

Bainbridge fronts are the best option for those wanting to bring natural elements into their home. Real wood species ranging from Rift White Oak to Walnut can be clear finished or stained in a number of different finishes. Select your door style, desired species, and stain to specify your project. Mix and match with the Ravenna collection to create beautiful farmhouse inspired environments.

ALKI BEACH

THERMALLY FUSED LAMINATE SLAB CABINET DOORS

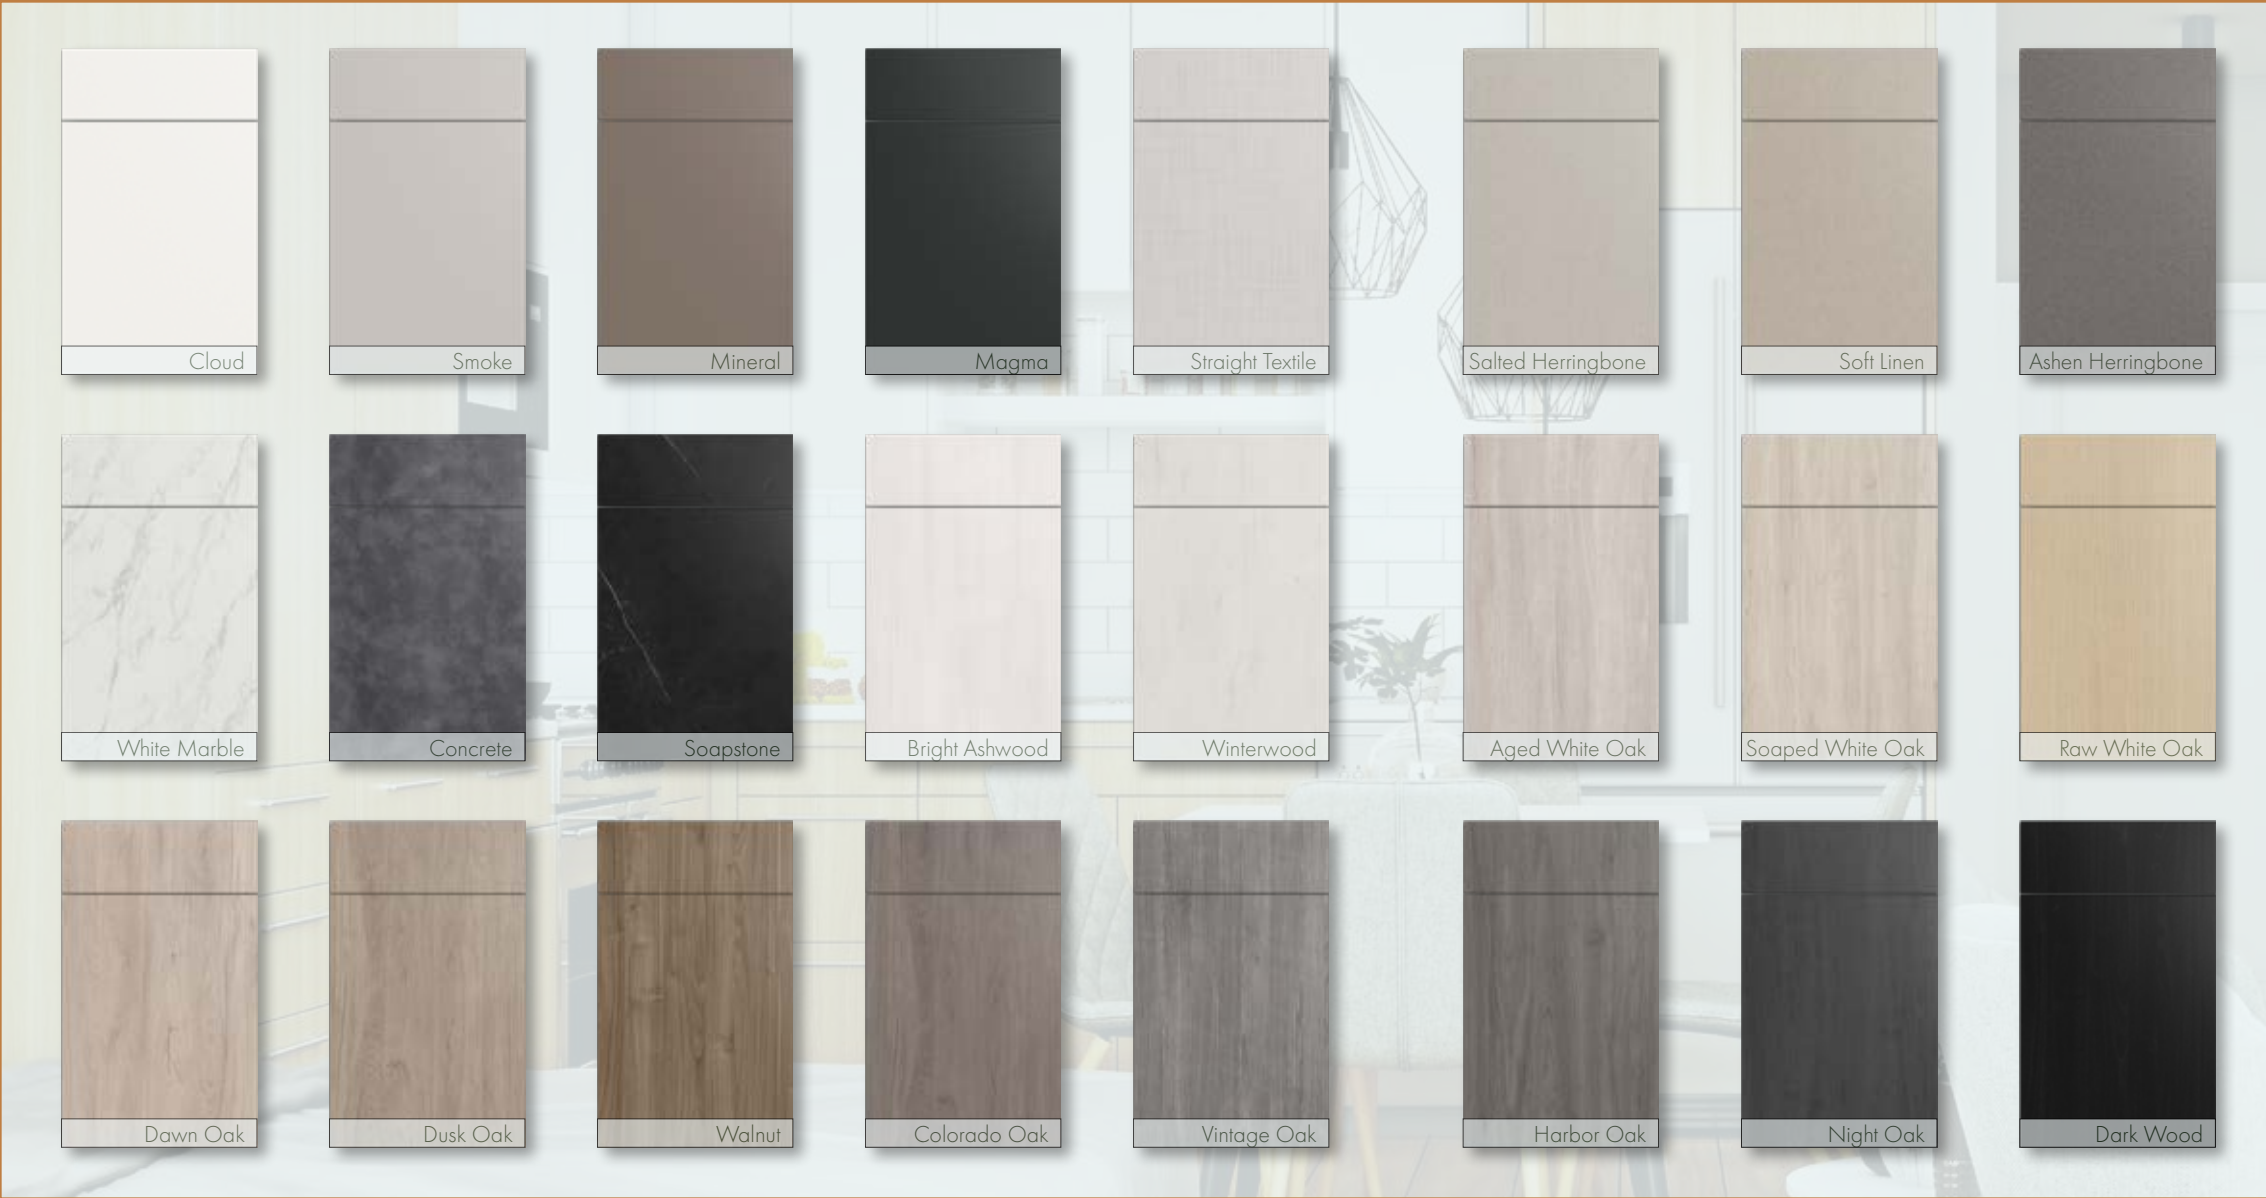

Alki Beach fronts come in an irresistible modern finish, laid over a sustainable composite core. Thermally fused laminate - in lieu of real veneer - makes this collection budget friendly and versatile. The collection's wide range of finishes enable one to design with stone, linen, solid color and wood grain patterns, all without leaving its favorable price point.

SODO

ACRYLIC SLAB CABINET DOORS

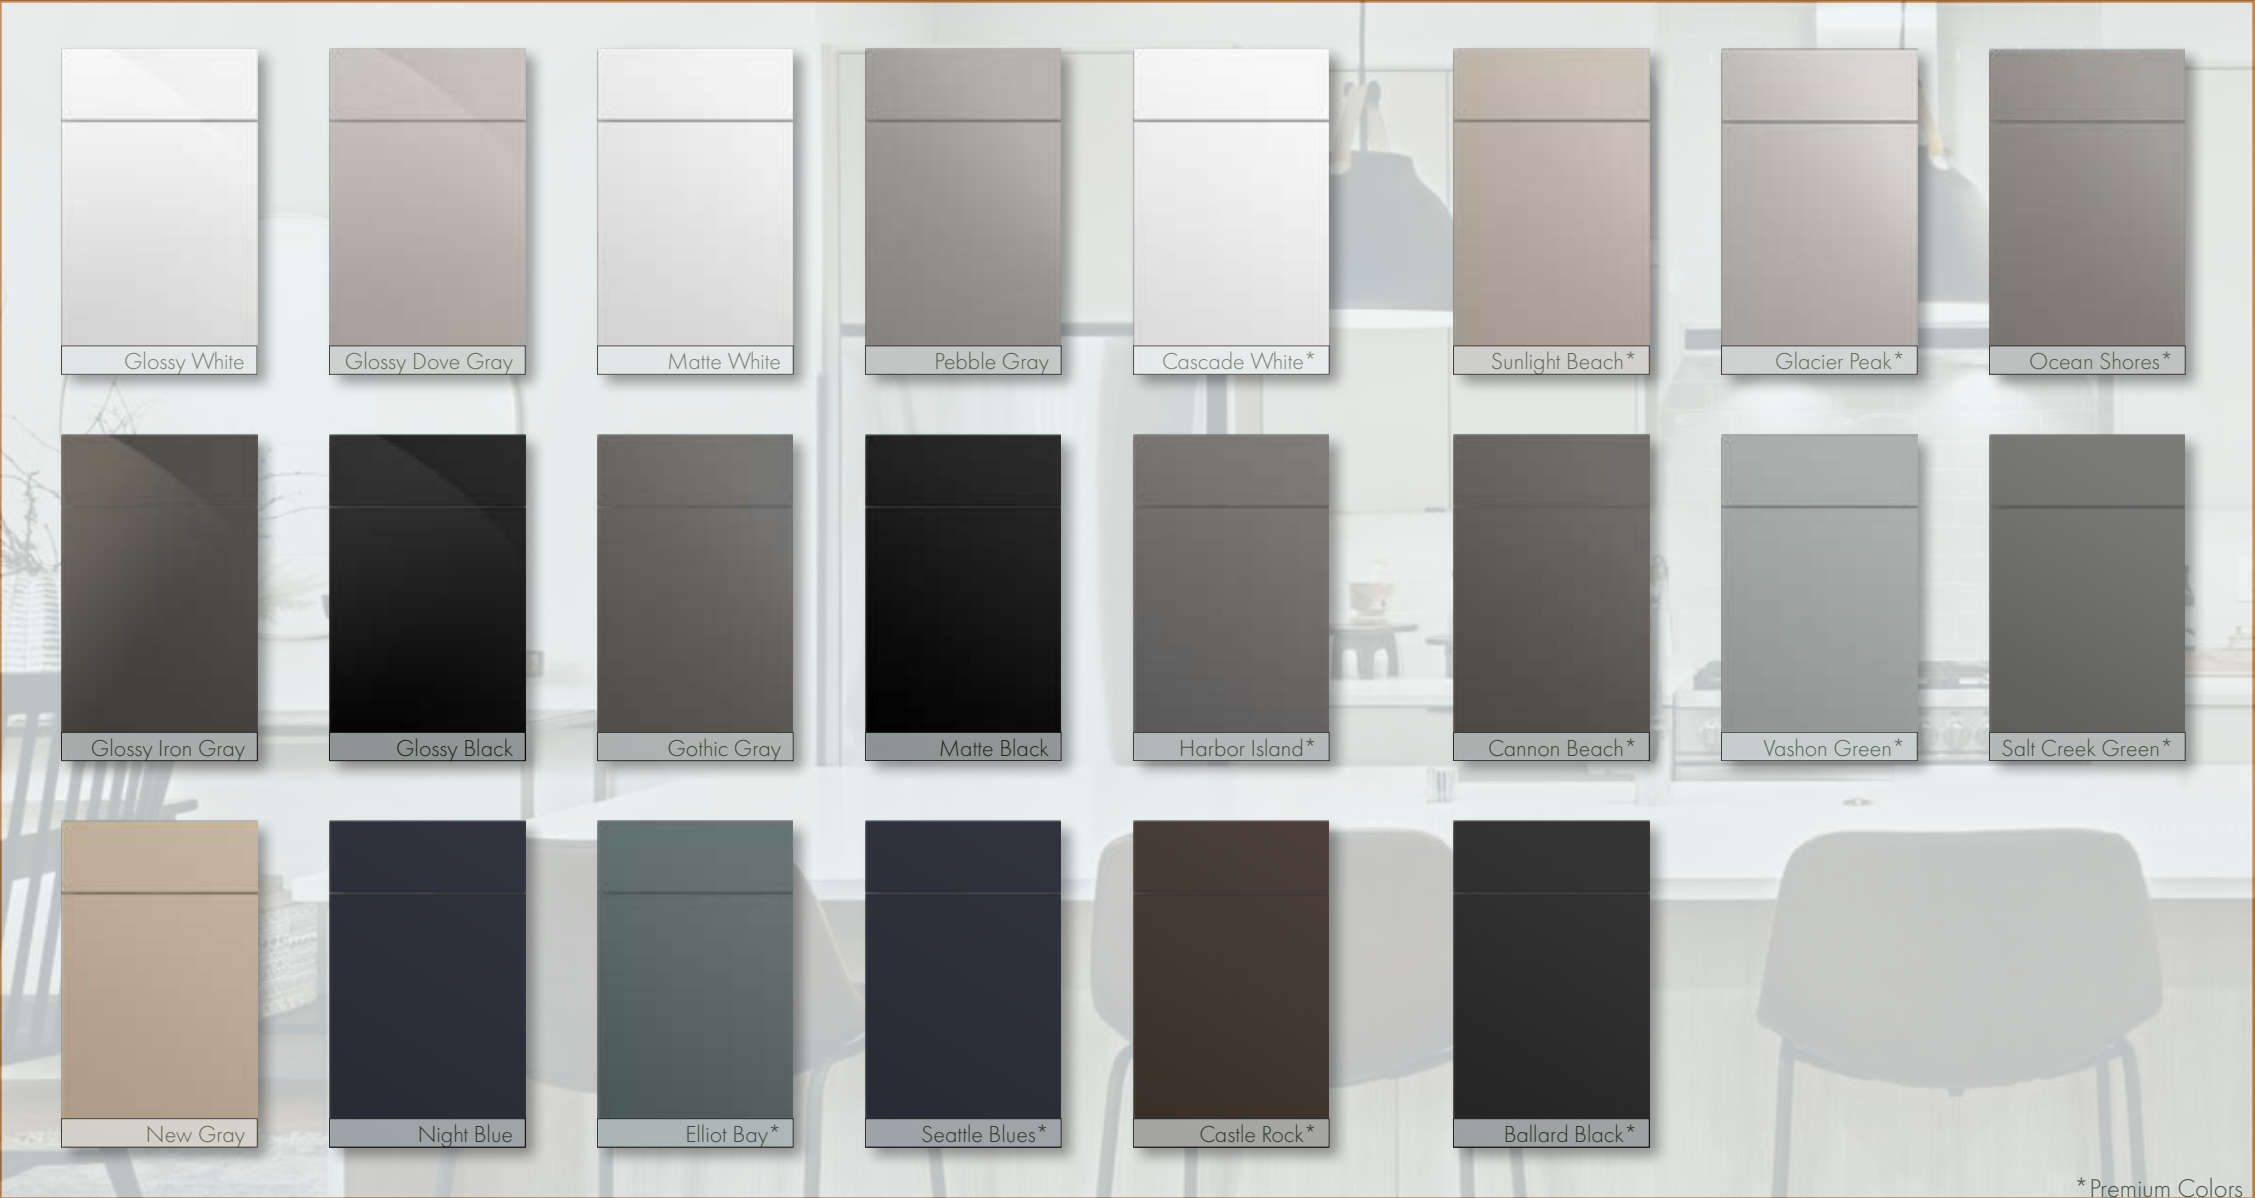

With a trend setting palette of high gloss and matte finishes to choose from, Sodo cabinet fronts are perfect for modern urban homes and apartments. Their multilayer surface build-up over a balanced MDF core construction make these doors sturdy and durable; resistant to both scratches and stains. Pair them with an Alki front for a beautiful blend of textures.
